## Woody Giessmann, Right Turn Founder

As someone living in recovery, I know that music can be an outlet for people's feelings. In 2003, I founded [Right Turn](#), an organization that helps artists enhance their creativity by learning to live free from alcohol and other drugs. My own recovery helped me to become a drug addiction clinician. I believe in a treatment approach that includes creative expression and brings people together into a safe haven preserves their creative gifts .

I am committed to spreading the value of addiction recovery through this program and want to help others the same way I was helped. [Right Turn](#) is how and where the healing begins. If you want information on Right Turn—Go to [www.right-turn.org](http://www.right-turn.org)

I am a MOAR Board Member with the same **Right Turn** passion.  
I encourage you to Join MOAR
